

NATA has a Memorandum of Understanding with the Commonwealth of Australia. The Commonwealth recognises NATA as the national authority for accreditation of laboratories, suppliers of reference materials and facilities performing studies in accordance with OECD Principles of GLP and a peak authority for accreditation of inspection bodies and proficiency testing scheme providers (<http://www.nata.com.au/nata/phocadownload/publications/government/MoU-CwltH-NATA.pdf>)

NATA also enters into agreements other parties. NATA has obligations and/or undertakings under each agreement. Listed below are those agreements which given the obligations/undertakings described have the potential to impact on facilities (including the disclosure of information otherwise considered as privileged under NATA Rule R.39). Agreements are listed per Sector, in some cases where agreements have cross Sector coverage; the Agreement is listed under each Sector.

Click on the applicable link to review the obligations and undertakings

NB Obligations and undertakings listed do not necessary include activities that will impact on the facility through the course of NATA providing its accreditation services, e.g. as described in the NATA Procedures For Accreditation
